Keep in a dry cool place.

### Herbal Supplement

## Burdock

Root

*Arctium lappa*

### Whole Phytocomplex Concentrate

Freeze-Dried  
Extract

Micronized Plant  
Powder

262 mg per capsule

Net Wt. 1.00g (30.00g) 30 Capsules

Burdock (*Arctium lappa*) is known for its cleansing properties that help maintain skin health.\*

This plant is cultivated from Aboca's organic farms. Systematic quality controls implemented throughout the entire production process and analytical testing performed on raw material and finished product validate the safety and effectiveness of this herbal supplement.

Though **caffeoylquinic acids** are considered among the main ingredients of Burdock, many other plant components contribute to the herb's efficacy. That is why Aboca has developed the exclusive W.P.C. (Whole Phytocomplex Concentrate) is a combination of the freeze-dried extract with micronized powder from the same portion of the plant, to assure maximum bioavailability, optimum concentration of active principle and the full-spectrum of constituents.

The result is a product with uniform content of **caffeoylquinic acids** without the use of excipients, colorings, flavorings, or preservatives. GMO free.
